

Juniors January 2018

Over the last couple of weeks we have been very busy! We have finished our topic, 100 years of British history 1850 – 1950, with a short study of the second world war. Some children took their knowledge home and studied more or built models like this fabulous air raid shelter.

Our new topic is Where are we? Exploring and mapping Britain. We have begun by learning where we live in the United Kingdom and where the countries and counties of the UK are. We have also looked at British mountain ranges and areas of national beauty. In Science we have started our new topic of rocks, earth and other planets and we started by describing and grouping different rocks.
