English- Design a new broom

Today I want you to design the witch a new broomstick. Think carefully about all the features it could have. Does it have a dragon alarm to warn off dragons? Or maybe it has a forcefield that protects it from dragon attacks? Be as inventive as you can. Once you have drawn out and labelled your design, write out 5 to 10 sentences tell me all about it in more detail. Try and give your broom a name...The Lightening Bolt.... The Storm Duster.

For example-

The Lightening Bolt is the fastest broom you can buy as it has a rocket booster on the back. This broom will never snap in two as it is made from super strong wood.
