

Gillamoor CE Primary School Sports funding for 2017 - 2018

'The school is using the additional primary school physical education and sport funding successfully to improve the quality of physical education in the school by bringing in specialist coaches to take lessons, train staff and run activities. This has broadened the range of sporting activities offered. As a result, more pupils now take part in sporting activities and the school participates in a wider range of sports competitions. This is having a positive impact on pupils' physical well-being and healthy lifestyles.' OFSTED April 2015

The PE National Curriculum is made up of 6 elements: Dance, Games, Gymnastics, Swimming, Athletics and Outdoor/Adventurous activities. The only activity for which there is a specified target is swimming. 'In particular pupils should be taught to: swim competently, confidently and proficiently over a distance of at least 25 metres, use a range of strokes effectively and perform safe self-rescue in different water based situations.'

Budget allocation is £8,000.
