

As designers and artists, we will-

- Look at artists depictions of Ancient Greece and create our own images of what life was like.
- Research Greek temples and design our own including creating intricate mosaics.
- Investigate ancient pottery from across Europe and create our own.
- Use electrical systems to generate doodle art of Greek Gods.

As geographers we will-

- Look at the Ancient Greek empire and how it changed throughout time.
- Compare the maps of Ancient Greece to Europe and Asia today. What has changed and what has stayed the same?
- Explore Mount Olympus and why it was so sacred to the Ancient Greeks.
- To understand and use key vocabulary relating to mountains and different borders.

As scientists we will-

- Explore the journey of electricity and how it reaches our homes and houses.
- Investigate circuits and build our own.
- Learn and use the recognised symbols related to electricity.
- Understand voltage and how it is related to power.
