## School News

Thank you for all the orders for the Christmas cards etc. (so sorry to have begun festive things before we are even into November!)

If you have not returned your order and payment yet, Monday is the last day. Late orders cannot be accepted.

Did you see us in the local paper again this week?

## Daily Mile success

We are continuing with the Daily Mile which has been recognised by North Yorkshire Sport for its impact on fitness and well-being. A case study is being included in their annual report.

Sometimes we choose to go for a short walk instead and with the weather closing in for winter, you might like to send in a named pair of wellies for your child to be kept at school.

## School Events

### Parent evenings and pupil reports

- short reports which will help you to see how your child is progressing in English and maths and coping with the return to school. Will be sent out before half term.
- To discuss the information further, please contact the office to arrange a phone call or virtual meeting with the class teacher(s) or Mrs Hayes.
- Parents' Evenings are planned for December.

**Harvest week;** next week we will be looking at harvests around the world culminating in a harvest festival on Friday in school with pupils only.

Please send in donations at any time during the week, for the Ryedale Foodbank, who have requested the items listed below in particular but other items always gratefully received (please no fresh produce); laundry products, cleaning products, tomato ketchup, tinned meat, tinned pies, sweets & chocolate

## Christmas

**Recipe book;** over lockdown we began collecting recipes for a school recipe book which we would like to print for you to purchase as Christmas presents. We do need some more recipes though so please have a think and please send a favourite one in to school with a photo too if you can

### THUNK OF THE WEEK

*Does lined paper weigh more than blank paper?*

(A think is a question that makes you think; it may or may not have a correct answer but gets the brain cells working!)

Thunks are great for family debates and developing critical thinking skills.
